Learn to Trust in Yourself ~ Own Your Thoughts and Actions

(The previous month we focused on releasing our feelings of guilt)

This class is part of a series of monthly classes that will enhance your spiritual awareness and increase your trust in Spirit on a daily basis. You can come for one class and/or attend all the classes. Bring your questions for which you have longed to hear answers from your Spirit Guides or simply enjoy the class experience. These spiritually guided classes will change your life when you are ready and open to make any changes only you will know are needed. Learn how to integrate these spiritual teachings into your life at home, work, with family and friends now.

We will practice various ways of spiritual reconnection so we may begin using techniques and practices that honor ourselves individually and help ourselves move forward toward our individual dreams and goals.

I offer private individual sessions by phone or in person as well as these classes. You can visit my website and/or call me to discuss anything you may have on your mind whether they are questions about the universe, personal goals to achieve, business related matters, guidance with relationships and communication issues or anything else personal to you.

Individual sessions for those who have missed a topic or would like more in-depth one on one time. www.GoddessofSpirit.com

Spiritual Cinema - "What Dreams May Come" Sunday, July 25th 1pm

Steven Simon produced this powerful film with Robin Williams, Annabella Sciorra, Cuba Gooding Jr., Max Von Sydow and others. The story addresses many of life's mysteries, and what happens after we die. Where do we go? Are there guides to help us adjust to our new state of being? Can we share eternity together with the ones we love? Is it possible to rescue someone from the depths of hell? **Register by July 20.**
